Profile

Software Engineering student with experience in web application development, API creation, and Lambda functions. Recognized for problem-solving skills and adaptability to change, with a proven ability to manage time efficiently and a strong motivation for achieving concrete results, emphasizing teamwork.

Work Experience

11/2024 – 12/2024 Miami, USA	ECP Mortgage, Web Developer I developed automations on the GoHighLevel platform to optimize workflows. Additionally, I designed a chatbot capable of analyzing client profiles to assess their eligibility for loans, improving decision-making efficiency.
07/2023 – 11/2024 Santiago, Chile	Propital, SDE - Software Development Engineer I developed automations using Selenium, reducing work time in the brokerage area. I created components and pages using React and NextUI, enhancing user experience and development efficiency. I implemented Lambda functions and APIs to create dynamic views, optimizing the backend infrastructure for faster and more scalable responses.
09/2022 – 12/2024 Medellín, Colombia	BERSTIC Research Group, FrontEnd Developer / UX-UI Design <ul style="list-style-type: none">• BERSTIC LIVE: Contributed to a project analyzing user behavior during webinars, collecting key statistics such as attention levels and interaction patterns to enhance user experience.• TempoAI: Collaborated on the UX/UI design of a prototype presented at the XXVII National Research Seedbed Meeting (RedColsi), focused on optimizing project management with artificial intelligence.• ESIM: Developed the frontend in collaboration with a backend developer, creating an intuitive platform for monitoring energy consumption data.

Education

02/2021 – Present Medellín, Colombia	Bachelor's Degree in Software Engineering, Universidad Cooperativa de Colombia <ul style="list-style-type: none">• Participated in the creation of the Engineering and Software Development Seminar (SIDES).
03/2023 – 07/2023 Santiago, Chile	Bachelor's Degree in Computer Science and Information Technology, Universidad Andrés Bello <ul style="list-style-type: none">• International Exchange - Winner of the Passport Fund Scholarship (Universidad Cooperativa de Colombia)

Skills

Git & GitHub	JavaScript (React - Node.js)
Python (Django - Flask - Pandas - Selenium)	MySQL - Firebase
AWS (Lambda, S3, Cognito)	Docker

Languages

- Spanish - Native
- English - B1
